You can find some of these spare parts in our website weareyouin.com or go to a **Youin Service** workshop to manage a repair that is not covered by warranty.

All our products have a **3-year warranty** from the date of purchase. All damages due to falls, misuse or lack of maintenance are excluded. The battery has a 1-year warranty or 600 charge cycles.

USE RECOMMENDATIONS

Electric bikes

- ✓ Semi-annual maintenance review.
- ✓ Check the brake pads every 500-1000 km of use.
- ✓ Do not wash the bike with high pressure water.
- ✓ It is important to respect the loading times. We recommend recharging the battery when it is between 15-20% of its capacity and, at the end of the full charge period, disconnect the charger.

Electric scooters

- ✓ Semi-annual maintenance review.
- ✓ Check the tightening torques of the handlebar and mast screws.
- ✓ Avoid driving in adverse weather conditions.
- ✓ It is important to respect the loading times. We recommend recharging the battery when it is between 15-20% of its capacity and, at the end of the full charge period, disconnect the charger.

ANNEX I. BATTERIES

Batteries showing the following signs will be excluded from the manufacturer's warranty against manufacturing defects:

- ✓ Moisture or traces of liquids.
- ✓ Humidity indicator activated.
- ✓ Manipulation by the user.
- ✓ Blows or signs of improper use.
- ✓ Parts replacement.
- ✓ Inadequate temperature excesses.
- ✓ More than 500 charge cycles.
- ✓ Using a battery charger other than the one supplied in the original product box.
